

Primerica's Pre-licensing LLQP

To become a licensed life insurance representative, each candidate must complete the Life License Qualification Program (LLQP). The objective of the licensing process is to protect consumers by ensuring that each representative meets the minimum educational requirement prescribed by regulators.

The program consists of four modules:

Module 1: Life Insurance

Module 2: Accident and Sickness Insurance

Module 3: Segregated Funds and Annuities

Module 4: Ethics and Professional Practice (Common Law or Civil Code)

The Primerica Pre-licensing LLQP is designed to provide the candidate with an opportunity to successfully complete the program when they meet the following expectations:

- Read Fundamentals of Life Insurance
- Attend the program's sessions
- Participate during the sessions
- Practice using the online study tools

Once the candidate has attended the program, they will be evaluated by writing and passing four certification exams which will allow the candidate to write the provincial LLQP exams.

Pre-licensing LLQP candidates will have support from their LLQP Licensing Coaches, who will lead them through the Pre-licensing LLQP Program.

Candidates are required to:

- Provide their CIPR number
- Provide a copy of a valid government-issued photo ID
- Read and agree to the LLQP Exam Code of Conduct

To ensure success, candidates should:

- Have their own personal subscription to full-service Primerica Online
- Register for SeeWhy Learning through the Primerica App or Primerica Online, once they have attended the first session
- Download the RapidPASS app and use on a regular basis to achieve a level of 3 trophies in each of the four modules
- Achieve at least a 60% on all the SeeWhy Learning practice exams prior to attempting the provincial exams.
